LIFE AND THE UNIVERSE: EXPLORING ETERNITY

Createspace, United States, 2013. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Just what is life? What do we really know about God? What do we really know about the universe? Is there intelligent life out there? Are we likely to encounter aliens in our lifetime? Is there more than one universe? Will parallel universes soon be proven beyond a shadow of a doubt? These are just some of the questions that two friend have been asking since we were in grammar school together over 70 years ago. We have continued to speculate with each other about life, the universe, and the great unknowns that cause mankind to be such a special species here on earth. We have been living in different states, Mississippi and Florida, since high school graduation. One of us became an aerospace engineer and later a Vice President at Lockheed Martin Aerospace Company. The other became a trial attorney and went into private law practice. But we still meet, write, email and discuss our evolving thoughts and ideas. We recently decided to meet in Homosassa Springs Florida for a few days to chat about our ideas and see just what we really think about the answers to all the great questions of life and the universe. And although we did not discuss it outright, it was obvious that we may have been motivated to have this meeting because of increased interests in seeking answers to the questions: do we have souls and if so, is there an afterlife. We met in the wilderness of the springs to discuss and try to find the best answers available based on what mankind has learned to date and based on the life long questioning of two very curious old...
